

Nightsearcher Zoom 1000R

The Nightsearcher Zoom 1000R is a compact, high luminosity, and spot-to-flood rechargeable LED torch that offers a very bright beam for a torch its size. This model includes 5 lighting modes, a battery charge indicator, and like the other ZOOM models it can be switched between spot and flood modes allowing either a bright tight beam or a much wider area which is ideal for searching for things in the dark.
